

# Access to Justice for Migrant Children in the EU

**Wednesday, 25 April 2018, 12:00 to 14:00**  
**Room ASP A5G1, EU Parliament, Brussels**

**Migrant children in the EU face violations of their human rights every day. Lack of access to their families, to information, guardians and legal assistance, lack of access to housing or education, unlawful detention – are few examples of what the children suffer.**
